■ Office Furniture

Office furniture includes all the furniture used in the workplace with different types based on different companies. Not only are they suited for offices, but they are also perfect for any workplace, including chair, desk, wardrobe, shelves and all kinds of partitions. Abnoosa Trading Company is one of the leading and largest manufacturers of office furniture in the Middle East, while manufacturing high-quality products based on international standards, offering them to all markets around the world.

■ Office Chairs

The chair is directly linked with different organs of the body and if not standard, it will endanger the health of the consumer. Office chairs are usually produced in wheeled and fixed models, and you can get both from Abnoosa.

Accurate and professional sewing, the use of cold foam with a thickness of 7 cm and the use of high-quality parts are important features of these chairs, which in addition to beautifying the appearance of this product helps the user to be comfortable.

In case of any need for consultation in this regard, you can contact the experts in the sales department at any time.

■ Specifications of Abnoosa chairs:

- Adjustable handles
- Adjustable height and backrest
- Standard flexibility
- Using the best materials for the cover
- Also featuring a rotating and durable leg

■ Office Chair Backrest

- Some chairs have short backrests and only protect the waist.
- Other chairs have longer backrest and cover the shoulders in addition to the waist. (These chairs are a good choice)
- Some chairs also cover the head and prevent neckache.

▪ Office Desks

Office desk is one of the most important tools in the workplace and has different categories such as manager's desk, expert, employee, conference and secretary desk. All these models are manufactured in Abnoosa.
