

Company Overview

Abnoosa Trading Company is the largest manufacturer and exporter of office furniture in the Middle East, which manufactures high-quality products using capable manpower and modern equipment. This company constantly strives to offer a diverse range of products along with modern design, high quality, and durability, as well as considering the consumers' health. In this regard, the company always monitors the world's designs and methods and deploys professional and skilled designers. Abnoosa Trading Company has succeeded to win the satisfaction of large traders and consumers through observing international standards and considering all the rights of customers.

Business Description

Office furniture includes all the equipment used in the office environment, and can vary depending on the company. For example, the office furniture of an engineering company completely differs from that of a library. Not only are they suited for offices, but also, they are perfect for any workplace, including chair, desk, wardrobe, shelves and all kinds of partitions.

Office furniture is usually made of wood and metal designed in various forms such as classic, modern, rustic, retro, maverick, contemporary and high-tech. The choice of office sofa and its principled arrangement affects the efficiency and comfort of employees as well as the attractiveness of the decoration and prevents common physical problems such as knee pain, back pain, joint pain and uneven shoulders. Aware of the issues and the target market, Abnoosa Trading Company is engaged in the production of wooden and metal office furniture, selling them to the market with high quality as it boasts specialized man power and modern equipment.

Vision and Values

Abnoosa aims to become the largest hub of office furniture production in the not-too-distant future in order to have a major share in the export of these products by relying on experienced personnel, high-quality raw materials and recognizing the customer needs.
